

LAKE OKEECHOBEE HYDROLOGIC PERFORMANCE MEASURES  
1965-2000 Simulation Period

Number of times lake stage is above 17.5 ft for more than 7 days:

07LORS	7
1b-T3	0
T3exSSM	0

Number of days lake stage is below 12.56ft:

07LORS	2876
1b-T3	5128
T3exSSM	4900

Notes:

It is necessary to review the lake stage hydrograph to ensure that double counting has not taken place. For example, if the lake stage goes above 17.5 ft for a day and subsequently falls below 17.5 ft the next day, the number of events counted will be two; whereas, by looking at the lake stage hydrograph, one can make the determination that it should only be counted as a single event.
