

# Normalized Weekly Stage Duration Curves for Dwarf Cypress

Indicator Region 182 (R26C12-13 R27C12-13)

Note: Normalized stage is stage referenced to Land Elevation. Thus, values above zero indicate ponding while values below zero indicate depth to the water table.

Run date: Tue May 16 16:19:28 EDT 2006  
 For Planning Purposes Only  
 SFWMM V5.5.2
