

LAKE OKEECHOBEE HYDROLOGIC PERFORMANCE MEASURES
1965-2000 Simulation Period

Number of times lake stage is above 17.5 ft for more than 7 days:

alt4	0
alt1a	2
alt1b	0
alt2a	0
alt2b	0

Number of days lake stage is below 12.56ft:

alt4	4846
alt1a	3797
alt1b	3976
alt2a	5229
alt2b	4101

Notes:

It is necessary to review the lake stage hydrograph to ensure that double counting has not taken place. For example, if the lake stage goes above 17.5 ft for a day and subsequently falls below 17.5 ft the next day, the number of events counted will be two; whereas, by looking at the lake stage hydrograph, one can make the determination that it should only be counted as a single event.
